

STEP 3

## **FINDING YOUR KINSHIP**

### **GIVE AND RECEIVE**

recognize that "a gift creates ongoing relationship". the life of a gift is in its movement; your job is to pass it along and trust that it will come back

### **CULTIVATE ABUNDANCE**

practice gratitude, as it "cultivates an ethic of fullness," counteracting an economy that thrives by creating emptiness. when everything is seen as a gift in motion, you become wealthy

### **REFUSE THE COMMODITY**

exercise your moral choice by refusing to participate in the buying or selling of life that has been wrenched from the earth or treated as property

### **BECOME "NATURALIZED TO PLACE"**

meaning you live as if this is the land that feeds you, that holds your ancestors, and upon which your children's future depends.
